

## Get value, get business – be an ISWA Sponsor

ISWA is where you need to be as the waste industry undergoes significant changes in terms of the services required by populations and the management of increasingly diverse streams and quantities of solid waste and recyclable materials.

As an ISWA Sponsor, your company or organisation will receive excellent global exposure to waste managers and decision-makers. Exposure comes in many forms: business contacts, introductions to suppliers and buyers, conference presentation slots, sharing of the latest research and applied technologies, legislative developments and more.

As an ISWA Sponsor, your company or organisation will have the opportunity to improve its international network, compare business development results, and gain market share in targeted areas and global regions. ISWA sponsorship categories include Main Sponsor, Report Sponsor and Website Sponsor. Please find the specifications and benefits in the table below. If you would like to become an ISWA Sponsor please contact the ISWA General Secretariat.
