

THERMAL RECOVERY FOR NON-HAZARDOUS WASTE

14th FEBRUARY 2019 - GOSPODARSKO RAZSTAVIŠČE LJUBLJANA

Organizers (NGO's):

Združenje za energetska neodvisnost Slovenije (ZENS)

Alpe Adria Green (AAG)

Zveza ekoloških gibanj Slovenije (ZEG)

Slovensko združenje za ravnanje s trdnimi odpadki (SiSWA)

The conference is non-commercial and primarily aimed at the media and non-governmental organizations, the general public and the interested economic society (i.e. communal economy). Due to the situation, with leftover fraction of mixed communal waste, the main purpose is that we all become aware of the problem and start to positively address the issue and start gathering possible long-term solutions, also with actual possible locations.
