

# **SUSTAINABLE WASTE MANAGEMENT IN REGIONAL DEVELOPMENT NETWORK SOUTHEAST EUROPE, MIDDLE EAST AND MEDITERRANEAN**

**Dr. Eng. Alexei ATUDOREI**  
**Member of ISWA Board**

**Regional Development Network (RDN) is a network of at least 3 ISWA National Members who work together on the promotion of sustainable waste management in regions outside ISWA's traditionally strong areas (a RDN can only be established outside of Western Europe and North America).**

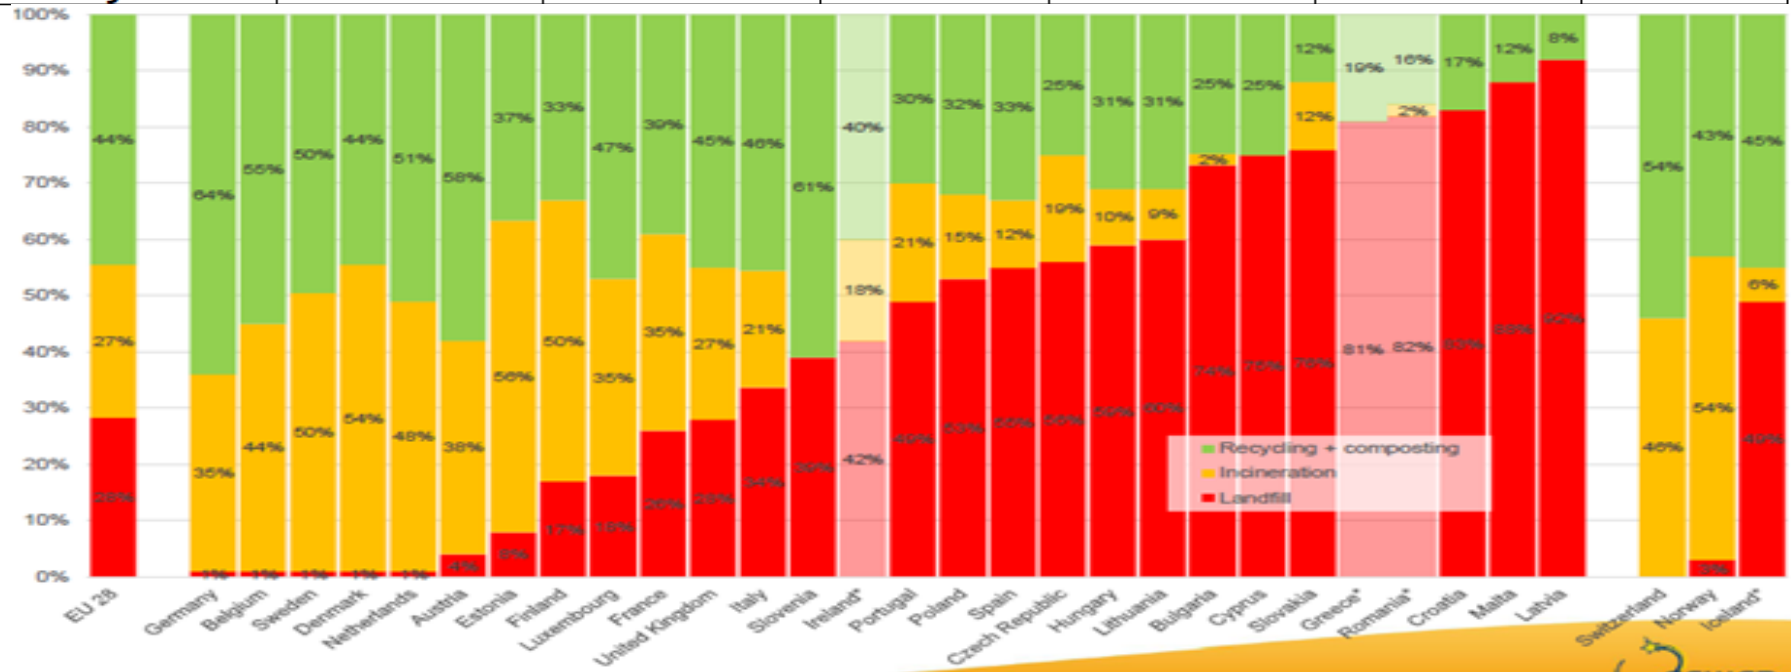

**11 Members (ISWA NM)  
Bosnia and Herzegovina,  
Croatia, Greece, Israel,  
Macedonia, Moldova,  
Hungary, Romania, Serbia,  
Slovenia and Turkey (500  
millions inhabitants)**

## **RDN ACTIVITIES:**

- **Promote sustainable waste management in the Region (sometime different as is defined by EC)**
- **Network for solving local and specific issues of RDN members**
- **Promoting ISWA and recruiting new ISWA members**
- **Publishing a newsletter**
- **Website – [www.rdneurope.ro](http://www.rdneurope.ro)**
- **2016 – a regional center in Romania**
- **2017 - Twinning and Mentorship Programme for RDN Members (ex. ISWA Romania for ISWA Moldova, ISWA Greece for ISWA Macedonia...)**

**RDN members have, more or less, similar issues in achieving the targets of EU Directives (legal, technical, institutional and economic)**

**Implementation of EU Directives should be done by taking into consideration all the local conditions (geomorphology, climate, surface, number of population, infrastructure, religion, education, experience, etc)**

**One of the most important issues is “the upper limit of population affordability” to pay for the services (ex. Romania, 70 Euro/t).**

**Implementation costs may be donor – funded but they will be operated, maintained, paid and supported by local resources, markets and citizens!**
