

Goal / Organisation

Goal

The objective of the ISWA-TU Vienna Summer School (iTOOL) is to provide advanced knowledge in the field of waste management to an international audience of existing and emerging solid waste experts. In particular, the participants will learn how to establish and use an extensive knowledgebase to support cost effective waste management decisions. The focus is on sound methodology (waste treatment unit processes, innovative assessment tools such as Material Flow Analysis, case studies for design of waste management systems) with special emphasis on practical applications.

Organization

ISWA General Secretariat
Man. Dir. DI Hermann Koller
Auerspergstrasse 15, Top 41
1080 Vienna

Vienna University of Technology
Institute for Water Quality, Resource and Waste Management
Prof. Dr. Johann Fellner

1st ISWA Summer School on Solid Waste Management (iTOOL)

3rd – 14th of September 2012 (2 weeks)

Analysis, Evaluation and Design of Sustainable Waste Management Systems

organized in cooperation with TU Vienna, (Institute for Water Quality, Resource and Waste Management)

1st Week, September 3-9

Monday	Welcome, Introduction of ISWA (<i>DI Herman Koller</i>) Introduction into Solid Waste Management and Basics of Material Flow Analysis (<i>Prof. Paul H. Brunner</i>)
Tuesday	Material Flow Analysis Software STAN incl. exercises (<i>DI Oliver Cencic</i>)
Wednesday	Waste Management processes I (waste collection and recycling) including exercises (<i>Prof. Christoph Scharff & Dr. Johann Fellner</i>)
Thursday	Waste Management processes II (WtE, MBT, composting) including exercises (<i>Prof. Helmut Rechberger, DI Wojciech Rogalski</i>)
Friday	Waste Management processes III (landfilling) incl. exercises and sum up of first week (<i>Dr. Johann Fellner & Dr. David Laner</i>)
Saturday	Social activities (sightseeing in and around Vienna)

Lecturers

TU Vienna:	Prof. Paul H. Brunner, DI Oliver Cencic, Dr. Johann Fellner, Dr. David Laner, DI Jakob Lederer, Prof. Helmut Rechberger
ARA AG:	Prof. Christoph Scharff
MA 48, Vienna:	DI Wojciech Rogalski

2nd Week, September 10-14

Monday	Evaluation methods and knowledge base for goal oriented Waste Management (based on practical examples) (<i>Prof. Helmut Rechberger & Prof. Paul H. Brunner</i>)
Tuesday	Excursion (WtE plant, composting, MBT, recycling plants close to Vienna) (<i>DI Jakob Lederer</i>)
Wednesday	Goal oriented waste management in transition and developing economies (<i>DI Jakob Lederer</i>) + instruction for project work (<i>Dr. Johann Fellner</i>)
Thursday	Project work (Scenario analysis for regional waste management systems using MFA)
Friday	Project work and final presentation & farewell (certificate for participation)
Target group:	PhD students (and to some extent also Master students) from all over the world, WM experts from transition and developing countries (from authorities, consulting companies as wells as from the waste industry)

Registration

Please register with Kim Winternitz

per Fax +43 1 253 600 199 or per E-Mail: kwinternitz@iswa.org

I hereby register to the following event:

1st ISWA Summer School on Solid Waste Management (iTOOL)⁴

3rd – 14th of September 2012 (2 weeks), (Recommended arrival: 2nd of Sept., 2012)

- Student - regular fee € 500.-
- Student from low-/lower-middle-income economies²⁾ € 350.-
- Professional - regular fee € 1,500.-
- Professional - reduced fee for ISWA members € 1,100.-

The fee includes lunch, coffee breaks, social activities & excursion

On bank transfer, clearly state name of participant and name of seminar.

²⁾ Per capita –GDP less than 3,975 US\$
