

**Waste and Resources Pavilion
Programme (subject to change)**

30-Nov	Opening Day	
	10:00 - 12:00	<i>High-level Opening Ceremony</i>
	14:00 - 15:00	<i>The role of sound waste management towards a net zero future</i>
	15:30 - 16:30	<i>Meet the Hosts: a fireside chat with the partners of the Waste & Resource Pavilion</i>
01-Dec	World Climate Action Summit	
	09:30 - 10:00	<i>Welcome</i>
	10:00 - 11:00	<i>The significant link between Waste and Resource Management to tackle Climate Change</i>
	11:30 - 13:00	<i>Achieving 80% landfill diversion in the Abu Dhabi Emirate by 2028, strategy and international use cases</i>
	15:00 - 16:30	<i>WASTE MAP LAUNCH: Methane emissions tracking, satellite actionable data</i>
02-Dec	World Climate Action Summit	
	10:00 - 11:30	<i>Closing the loop, pathway to the Circular economy</i>
	14:00 - 15:30	<i>Waste management in the global stocktake: harnessing the reduction potential from national strategies to local solutions</i>
	17:15 - 18:30	<i>Subnational leadership collaboration on Zero waste cities: The methane mitigation challenge</i>
03-Dec	Health / Relief, Recovery and Peace	
	09:00 - 10:30	<i>International regulations and national policies driving low carbon waste management</i>
	11:00 - 12:30	<i>Open burning of waste + health impacts (Environmental and socioeconomic challenges of unregulated waste practices)</i>
	14:00 - 15:30	<i>MENA Region and Africa's Waste Sector in Climate Action: Discussion with Delegates</i>
	16:00 - 17:30	<i>Integrated Waste Management solutions as instruments to keep the 1.5 Target</i>
04-Dec	Finance / Trade / Gender Equality / Accountability	
	09:00 - 10:30	<i>Long-term financing solutions towards decarbonized waste management</i>
	11:00 - 12:30	<i>Gender parity in the waste management value chain and enabling and recognizing the contribution of the informal sector</i>
	14:00 - 15:30	<i>Financing waste sector's climate solutions: Innovative approaches</i>
	16:00 - 17:30	<i>Voluntary carbon markets and Article 6: What is 'on offer' for the waste sector?</i>
	18:00 - 19:30	<i>Introduction of the Voluntary Recycling Credits standard</i>
05-Dec	Energy and Industry / Just Transition / Indigenous Peoples	
	09:00 - 10:30	<i>Latin America in Climate Action: Discussion with the Delegates</i>
	10:45 - 11:45	<i>Social entrepreneurship to tackle climate change</i>
	12:00 - 14:00	<i>Green energy from waste: Success factors - followed by Lunch</i>
	14:30 - 16:00	<i>Environmental Justice and Methane Reduction at a Crossroads - How can we ensure a fair, just, and sustainable implementation of solutions?</i>
	17:00 - 18:30	<i>Opportunities from waste to energy, and focus on Circular SAF</i>
06-Dec	Multilevel Action, Urbanization and Built Environment/Transport	
	09:15 - 12:00	<i>Low carbon cities embracing data driven waste management: delivering much more than carbon reduction</i> - <i>The perspective from country delegations</i> - <i>Challenges and success factors from local authorities' perspective</i> - <i>Filling the data gap to transform cities' solid waste management</i>
	13:00 - 14:30	<i>From policy to action, how to solve the waste challenges?</i>
	15:15 - 16:45	<i>No event on the Pavillon- COP Presidency event in WCAS Theatre</i>

Waste and Resources Pavilion
Programme - (subject to change)

07-Dec	Rest Day	
08-Dec	Youth, Children, Education and Skills	
	09:30 - 10:30	<i>Youth Delegates Round Table on Circular Economy tackling Global Warming</i>
	11:00 - 12:30	<i>Zero Waste, from awareness to action: How to reduce the volume of waste in an environment of constantly increasing consumption</i>
	14:00 - 16:00	<i>Innovation & technology in the waste management industry</i>
	16:30 - 17:30	<i>No time to waste: the role of the waste sector in achieving the Global South Methane mitigation</i>
09-Dec	Nature, Land Use, and Oceans	
	09:00 - 10:30	<i>Accelerating the SDGs through sound waste and resource management</i>
	11:00 - 12:00	<i>Nature-based solutions for climate adaptation: Can organic cycles make a difference?</i>
	14:30 - 16:00	<i>Circularity as a key solution to biodiversity loss and climate change</i>
	16:30 - 17:30	<i>Marine pollution from plastics, an internationally binding treaty by 2024</i>
10-Dec	Food, Agriculture and Water	
	09:30 - 11:00	<i>Mitigating climate change and improving public health through zero waste strategies</i>
	11:30 - 12:30	<i>Food Banking impact on Methane Mitigation: Food prevention, recovery and distribution opportunities</i>
	14:00 - 15:30	<i>Cross-sectoral cooperation on waste, water and resource management to tackle climate disruption</i>
	16:00 - 17:30	<i>Delegates Round Table on the climate nexus of food loss and waste & Launch of the Food waste index Report</i>
11-Dec	Final Negotiations	
	11:00 - 12:30	<i>Digital enablers for sustainable waste management</i>
	14:00 - 15:30	<i>Methane credits: the way forward?</i>
	16:00 - 17:00	<i>Closing Dumpsites: fulfilling a basic human right to tackle GHG emissions</i>
12-Dec	Final Negotiations	
	09:30 - 12:30	<i>COP28 Waste and Resources Pavilion - Debriefing session</i>
	14:00 - 16:00	<i>Pavilion Closure</i>
